

July 6, 2022  
FOR IMMEDIATE RELEASE

## Donner Aquatic Center Closing Early For The Season

(Columbus, IN) Donner Aquatic Center

Donner Aquatic Center is under contract to make necessary, significant repairs. As such, the pool will be closing early for the season, in order to proceed with construction. The last day of operation for the general public will be **Sunday, July 17, 2022**. We understand that the pool is a valuable asset to the community during the warm summer months, but these repairs are necessary to ensure that we can continue operations for years to come. The timeline for repairs denotes it is feasible for us to re-open for the 2023 season on time, but the immediacy of the start of construction is integral to that occurring. The construction will not alter the physical attributes of the pool or add / take away any current amenities.

2022 Aquatics season pass holders will be notified by the email that is on the household account, about early closure. Partial pass refunds will be issued upon request, by calling Donner Center at (812) 376-2680. Refund amount is based on usable number of days left in the season.

For questions, please send an email to [parks@columbus.in.gov](mailto:parks@columbus.in.gov) with the subject, "pool construction" and a member of the staff will respond.
